

Manager of Quality Assurance

Pazmac Enterprises Ltd. – Langley BC

Pazmac Enterprises Ltd. (www.pazmac.com) is a world class provider of custom CNC and manufacturing services. Operating out of our 30,000 square foot facility located in Langley, British Columbia, Pazmac provides contract manufacturing services, and critical components to a portfolio of Tier 1 international customers in the sectors of Oil & Gas, Aerospace, Defence, Semi-conductor, Agriculture, High-Tech, and Mining, as well as many other clients across a diverse range of industries.

Pazmac's reputation in the market for unsurpassed quality, and strong diversity, has ensured measured growth through 48 years, and stability for employment.

About the Opportunity

Pazmac is seeking a self-motivated individual to join our team of manufacturing professionals to continue the growth of our company. Pazmac strives to promote a culture of continuous improvement, while providing exceptional value and solutions to our customers and employees with a satisfying, progressive and positive work place.

Responsibilities include:

- Be a direct Quality Liaison to Pazmac's customers.
- Review and approve all Pazmac production drawings and specifications.
- Participate with our team in DFM meetings with our customers
- Work directly with the QC Lead on problem solving and process improvement.
- Maintaining all third party certifications.
- Support all process qualification activities.
- Conduct MRB meetings.
- Assist in determining Quality costs for management reports.
- Ensuring the processes needed for the Quality Management System are established, implemented, maintained and continuously improved.
- Ensuring that Senior Management is informed of the Quality Management System performance.
- Maintain all QMS Certifications.
- Monitor all operations that affect quality
- Review current standards and procedures
- Understanding customer needs and requirements to develop effective quality control processes.

Candidate Qualifications and Skills:

- Minimum 7 years manufacturing experience.
- Familiar with a machine shop environment.
- Demonstrated understanding of geometric drawing tolerances.
- Experience with solid modelling software.
- Familiarity with ERP systems.
- Exceptional communication skills and organizational skills (written & verbal).
- Experience with maintaining ISO-9001:2015 QMS.

- Familiar with AS9100-2016 QMS.
- Superb attention to detail.
- Ability to work independently as well as a team member to support organizational goals and our culture.
- Authorized to work in Canada

Benefits:

Pazmac is interested in hiring for the long term and has a goal to *“Hire to Retire”*. Our employees are recognized as being among the very best in the industry. Pazmac is committed to providing a work place where employees feel valued, supported and rewarded for their efforts, loyalty and commitment.

Pazmac offers a very comprehensive benefit package to each employee inclusive of:

- Group Health and Dental
- Extended Health Care
- Life Insurance & Disability insurance
- Safety boot Allowance
- Work clothes / Personal Safety Gear provided
- Matched RRSP contribution
- Profit Sharing Program
- Training / Education Allowances
- Use of company gym

Salary:

Salary is dependent on experience and fit
